### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Applicant's amendment to limit the polyols to those now particularly claimed distinguishes over Card, which specifically teaches against the utility of glycerol, glucose, rhamnose and mannose. Mention is made of Slate (3096284), which teaches the addition of glycerol or glucose along with borax to a polysaccharide. It is clear that the glucose or glycerol complexes with the borax, in order to delay the dehydration of the gel, and does not react to break down the backbone of the polymer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Philip C. Tucker whose telephone number is 571-272-1095. The examiner can normally be reached on Monday - Friday, Flexible schedule.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski can be reached on 571-272-1302. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
